- (h) the use of land with natural resources of national interest and importance; and
- (i) any other matter the Minister may prescribe by statutory instrument.

19. (1) A planning authority shall prepare an integrated development plan for its area.

Integrated development plans

(2) A planning authority may restrict the coverage of an integrated development plan to prescribed parts of its area.

(3) An integrated development plan shall be the principal planning instrument to guide and inform all planning and development in the area of the local authority and all planning decisions of a planning authority.

(4) An integrated development plan shall—

(a) link, integrate and coordinate sector plans and proposals for the development of the area of the local authority;

(b) align the resources and capacity of the local authority for the implementation of those components of the plans requiring the use of local resources;

(c) form the policy framework and basis on which annual budgets shall be approved;

(d) be compatible with the National Planning Framework and the regional development plan;

(e) indicate priority areas for—

(i) housing development, informal settlement upgrading and improvement;

(ii) social service provision;

(iii) infrastructure development, re-vitalisation, renewal and maintenance;

(iv) local economic development;

(v) environmental management;

(vi) protection of ecologically sensitive areas, heritage and cultural sites; and

(vii) poverty alleviation; and

(f) identify the priority areas provided for in paragraph (e) to be incorporated into the local area plans.

(5) An integrated development plan shall be valid for a period of ten years from the date of its adoption and shall bind all persons and State institutions.

(6) An integrated development plan shall—

(a) be prepared in accordance with the planning guidelines and the provisions of this Act;

(b) be reviewed every five years from the date of its adoption and, if need be, amendments effected to the plan;

- (c) ensure coordination with the relevant Ministries, stakeholders and appropriate regulatory authorities; and
- (d) be aligned with and complement the development plans and strategies of neighbouring local authorities and State institutions.

20. (1) An integrated development plan shall include a planning survey and issues report, a development framework report, an implementation programme, a report on public consultation and appropriate diagrams and plans.

integrated
development
plans

(2) A planning committee shall, in formulating an integrated development plan, ensure that—

- (a) the policy and proposals reflected in the integrated development plan are justified by the results of the planning survey; and
- (b) the proposals reflect current policies with respect to financial and economic planning of the Republic and such other matters as may be prescribed by the Minister.

(3) A survey of areas planned for development shall be carried out in the prescribed manner and shall include—

- (a) the principal spatial and economic characteristics of the area under the planning authority, including the characteristics of any neighbouring areas that affect the planning authority's area;
- (b) the size, composition and distribution of the population of the area;
- (c) the communication and transport system and traffic patterns of the area and neighbouring areas;
- (d) an assessment of the existing infrastructure and level of development in the area, which shall include an identification of communities which do not have access to basic services and those proposed or designated for redevelopment, improvement, upgrading, revitalisation or renewal;
- (e) a baseline strategic environmental assessment of the area to be covered by the plan;
- (f) any substantial changes anticipated during the period of the plan as a result of projected demographic changes and other factors;

- (g) a description of the applied planning process and the public consultative process;
 - (h) the key issues and priorities from the survey which the plan is intended to address; and
 - (i) such other matters as may be prescribed by the Minister.
- (4) A survey report shall include a development framework which shall set out—
- (a) the local authority's vision for the long term development of its area, with emphasis on environmental concerns and the local authority's development and internal transformation needs;
 - (b) the local authority's development objectives, priorities and development strategies, which shall be aligned with the National Planning Framework and sectoral local planning requirements;
 - (c) an assessment of alternative spatial development scenarios that might be able to address the identified issues and deliver the local authority's objectives; and
 - (d) an integrated development framework, which shall state the policy and proposals of the local authority in respect of the manner in which land in the area shall be used and the stages by which the development may be carried out, including—
 - (i) initiatives to improve, maintain or protect the environmental, social and economic aspects of development;
 - (ii) the delineation of specific protection zones, areas of environmental sensitivity or cultural and historical importance or areas of importance for disaster management purposes;
 - (iii) the identification of national and regional interests, policies and guidelines;
 - (iv) the relationship of the proposals to the development and use of land in neighbouring areas which may affect those areas;

- (v) the delineation of informal settlements with a description of improvement inputs or other management responses required and the appropriate building and land use controls to be applied in those areas; and
 - (vi) the areas under the jurisdiction of traditional authorities and proposed policies and proposals for those areas.
- (5) An implementation programme shall include —
- (a) a capital investment programme indicating the major projects and investments required to implement the development framework with the agency responsible for delivery;
 - (b) a local authority's financial plan providing a budget projection for the first five years after the adoption of the plan and indicating the manner in, and extent to, which the capital and operational budgets of the local authority reflect the priorities and objectives of the integrated development plan, including the local authority's expectation of specific funding allocations from the Government;
 - (c) a programme for the preparation of local area plans and other detailed planning activities to assist in the implementation of the integrated development plans; and
 - (d) proposals for monitoring and review of the integrated development plan, including key performance indicators.
- (6) Where land falling under customary tenure is to be included in an integrated development plan in line with a planning agreement drawn up in accordance with section *twenty-five*, the methods, mechanisms, processes and procedures for consultation and participation of residents and stakeholders occupying the customary land, including traditional authorities, as indicated in the planning programme, shall be complied with and the method of publication shall take into account the cultural values and norms of the area.

21. (1) A planning authority shall use a local area plan as a planning instrument to provide detailed proposals for the development of an area designated for development under an integrated development plan.

Local area
plans

(2) A local area plan shall link, integrate and coordinate plans and proposals for the development of an area or areas of the local authority in accordance with the principles of integrated development planning and may provide the basis for property delineation, cadastral surveys and land tenure registration or recognition under any certification relating to title or occupancy.

(3) A local area plan may be developed for—

- (a) sections of a settlement, sub-areas, sub-districts or wards within a local authority's area;
- (b) the development of housing projects, business zones, industrial areas or other development projects;
- (c) the improvement, upgrading or rehabilitation of areas and settlements;
- (d) private developments;
- (e) the development of areas within land falling under customary tenure;
- (f) infrastructure and social service provision;
- (g) the protection and care of environmentally, culturally and historically significant places or buildings.

(4) A local area plan shall—

- (a) indicate the period for which it is valid;
- (b) comply with the contents of an integrated development plan and provide for poverty alleviation, local community democracy, public participation, accountable governance and other planning principles;
- (c) be directly linked to an implementation and financial plan;
- (d) take into account the processes and proposals of other local area plans in the area of the local authority and the neighbouring local authorities; and
- (e) provide for distinct landuse standards and controls to be applied in different categories of areas.

(5) The preparation and scope of a local area plan shall be determined by the local authority based on its needs, capacity and resources and shall comply with this Act.

(6) Where there is a conflict between a local area plan and an integrated development plan, the integrated development plan shall take precedence.

(7) A local area plan shall remain in force notwithstanding the review of the integrated development plan or the adoption of a new development plan affecting the area to which the local area plan relates.

(8) Where an area that is the subject of a local area plan is, or includes, land held under customary tenure, the consultation process shall take into account the cultural values and norms and needs of the area.

(9) A local planning authority may, with the approval of the provincial planning authority, amend or revoke a local area plan, as prescribed.

22. A local area plan shall comply with guidelines issued by the Minister on the preparation of local development plans and shall include—

Contents of
local area
plan

- (a) a report of the planning survey carried out with respect to the area to which the plan relates which shall indicate—
 - (i) the principal spatial and economic characteristics of the area being considered for the plan and the neighbouring areas;
 - (ii) the size, composition and distribution of the population of the area;
 - (iii) the communication, transport system and traffic of the area;
 - (iv) the infrastructure in the area;
 - (v) an assessment of existing levels of development of the area;
 - (vi) the identification of built-areas, buildings and other assets of cultural or historical value that need protection;
 - (vii) the effect of any changes which may affect the development of the area, and any changes anticipated during the period covered by the plan as indicated by projected demographic changes and other factors;
 - (viii) a description of the applied planning process;
 - (ix) a description of the public consultation process;
 - (x) the key issues and priorities from the survey and analysis for the plan to address; and

(xi) such other matters as may be prescribed by a local authority;

(b) a development framework, which shall set out—

(i) the manner in which the land in the area is proposed to be used;

(ii) the associated initiatives, policies and projects to improve, maintain or protect the environmental, social and economic aspects of development; and

(iii) the relationship of the proposals to the general proposals for the development and use of land in neighbouring areas which may affect those areas;

(c) the implementation programme comprising—

(i) a financial plan for the implementation of the local area plan;

(ii) proposals for monitoring and review of the local area plan, including key performance indicators;

(d) such diagrams, illustrations and other graphical material as the planning authority may consider appropriate to explain or illustrate the plan; and

(e) a report describing the results of the public consultation process.

Adoption of
local area
plan

23. (1) A local planning authority shall adopt a local area plan and submit a report to the provincial planning authority within thirty days of the date of the adoption of the local area plan.

(2) The report, referred to in subsection (1), shall include—

(a) the draft local area plan and the reasons for any alterations made to the draft plan;

(b) details of all objections and the responses to the local area plan;

(c) the report of any public hearing undertaken;

(d) a statement—

(i) to the effect that the provisions relating to public notification, consultation and participation have been complied with; and

(ii) specifying the legislation relating to other land uses that has been considered; and

(e) comments on the adherence to the planning guidelines specified under this Act.

(3) A proposed local area plan shall be made available for public inspection during the hours of business of a local authority, for a period of thirty days, prior to adoption.

(4) The local authority may make available the local area plan for free or at a prescribed fee.

(5) A person may make a written submission or observation in relation to a local area plan within the period referred to in subsection (3).

(6) The provincial planning authority shall, within sixty days of the receipt of a local area plan, approve or object to the local area plan.

(7) The provincial planning authority shall, where it objects to a local area plan—

(a) inform the local planning authority accordingly and give reasons for the objection; and

(b) direct the local planning authority to amend the local area plan as the provincial planning authority may determine.

(8) A local planning authority shall, where the provincial planning authority directs the local planning authority to amend the local area plan, amend the local area plan within a period of forty-five days.

(9) The provisions of section *forty-four* apply to the calling in of a local area plan.

24.(1) A local planning authority may prepare sectoral plans to support the implementation of its integrated development plan, in consultation with relevant sectoral ministries, appropriate regulatory authorities or other agencies.

Sectoral plans

(2) A sectoral plan may include policies and plans directing land use for purposes such as—

(a) infrastructure and service provision;

(b) health;

(c) education;

(d) housing;

(e) economic development;

(f) communication;

- (g) transport;
- (h) waste management;
- (i) water and sanitation;
- (j) agricultural development;
- (k) wildlife management;**
- (l) forest management; and
- (m) any other purposes as may be required under this Act or any other law.

(3) A sectoral plan shall conform with an integrated development plan and its planning programme and shall adhere to the development and planning principles, programmes and proposals adopted in the integrated development planning process.

(4) A local authority shall determine the preparation and scope of a sectoral plan based on its needs, capacity and resources and shall use the process set out for the preparation and adoption of a local area plan.

Planning
agreements

25. (1) A local authority may, in order to develop a customary area and facilitate the implementation of an integrated development plan or local area plan in the customary area, enter into planning agreements with one or more Chiefs responsible for the customary area.

(2) A planning agreement shall contain the following—

- (a) the identification of customary land to which the application of special planning standards and approval requirements shall apply;
- (b) the identification of types of applications for the land identified in paragraph (a) that shall require special planning procedures to be complied with by applicants for land;
- (c) the identification of areas falling under customary land for which a local area plan shall be made and of any special procedures that might be applied to that planning process;
- (d) the identification of customary land which a local authority considers should be—
 - (i) designated an Improvement Area under this Act; or
 - (ii) used to facilitate the expansion of a settlement as designated in an integrated development plan;

- (e) the identification of built areas, buildings and other assets of cultural or historical value that need protection and management, and other areas as may be prescribed;
- (f) the allocation of financial and human resources from the local authority, where appropriate, to the relevant Chief in order to support the implementation of the planning agreement; and
- (g) protocols for engagement and communication among the local authority, local community and the Chief on planning and development matters.

(3) Where a Chief or local authority refuses to enter into a planning agreement, the Minister shall, after consultation with the President, sign the planning agreement if it is in the public interest to do so for purposes of this Act, and the planning agreement shall bind the Chief and local authority concerned.

26. The regional development plans, integrated development plans, local area plans and sectoral plans shall be consistent with the principles and objectives of the applicable planning guidelines.

Consistency of plans

27. Where a local authority has, by resolution, approved a plan within a period of five years preceding the commencement of this Act and that plan substantially complies with the requirements of an integrated development plan in accordance with this Act, that plan shall be recognised as an integrated development plan for a period of five years after the commencement of this Act and shall have the legal effect as if developed and approved under this Act.

Recognition of existing plans

PART IV

IMPROVEMENT AREAS

28. (1) A planning authority may, declare an area of land within its area of jurisdiction an Improvement Area, and may declare that the whole or part of the land comprised in the Improvement Area shall cease to be part of an Improvement Area.

Declaration of Improvement Areas

(2) Land shall be declared an Improvement Area if—

- (a) in the case of customary land, it is subject to a planning agreement pursuant to section *twenty-five*; and
- (b) a survey diagram showing the perimeter of the proposed Improvement Area is duly approved by the Surveyor-General and is deposited by the local authority with the Surveyor-General and the Registrar of Lands and Deeds.

(3) A local area plan shall be prepared for an Improvement Area in accordance with the provisions of this Act.

(4) Where a local area plan is adopted for an Improvement Area, Parts VI, VII, VIII and IX shall apply in respect of any development to be undertaken from the date of the adoption of the local area plan.

Subdivision
and control
of
Improvement
Areas

29. Subject to the provisions of this Act, a local authority may—

- (a) subdivide, consolidate or alter the boundaries of land in an Improvement Area for purposes of a local area plan;
- (b) erect any building or effect any improvement on any piece or parcel of land; and
- (c) carry out the construction and maintenance of roads, pathways, waterworks, drainage, sewerage and other works for public amenity as it may consider necessary or desirable.

Occupancy
licence and
certificate of
title

30. (1) A person shall not, without an occupancy licence issued under this section and except in accordance with the conditions of the occupancy licence, build, use, let, sell, create a lien or security or in any way deal with any dwelling or building erected on any piece or parcel of land.

(2) A local authority may issue to any person an occupancy licence in respect of any piece or parcel of land in such form, subject to such conditions and on payment of such fees as may be prescribed.

(3) Subject to the provisions of this Act, an occupancy licence shall be valid for a period of thirty years.

(4) An occupancy licence and any other document relating to any dealing with land shall be registered in such manner as may be prescribed.

(5) The holder of an occupancy licence shall have such rights and obligations in respect of the piece or parcel of land to which the licence relates and in respect of any dwelling or other building erected thereon as may be prescribed.

(6) A local authority may, after giving three months' notice in writing to the licensee, revoke an occupancy licence on any of the following grounds:

- (a) the licensee has committed a breach of, or failed to comply with, any of the conditions of the licence; or
- (b) the licensee has failed to pay the fee prescribed for the licence.

(7) Any fees payable under this Part may be recovered by a local authority as a civil debt.

(8) A holder of an occupancy licence may apply to the registrar for the issuance of the certificate of title in respect of the piece or parcel of land to which the occupancy licence relates.

31. (1) A building erected and an improvement effected on any land to which this Act applies shall be in accordance with specifications approved by the local authority in whose jurisdiction the land is situated.

Construction of buildings in Improvement Areas

(2) The Minister may, by statutory instrument, prescribe the specifications for any building or improvement referred to in subsection (1).

32. Every signature to any document required or permitted to be registered under this Act shall be attested by a registrar.

Attestation of signatures

33. A registrar shall not register any document purporting to transfer, deal in or affect any land unless the local authority in whose jurisdiction the land is situated is a party to the transaction recorded in the document or has signified its consent to the transaction.

Consent for dealing with land

34. Where an occupancy licence is lost or destroyed, the transferee of the land to which the occupancy licence relates may make a declaration, stating to the best of the licensee's knowledge and belief the facts of the case and the particulars of all transactions affecting the land or the title thereto, and the registrar, if satisfied as to the truth of such declaration, may issue to the transferee a provisional occupancy licence in respect of that land, except that the registrar shall, before issuing the provisional occupancy licence, give thirty days' notice in the *Gazette* of the intention to do so.

Loss of occupancy licence

PART V
THE PLANNING PROCESS

35. (1) A local authority shall, within a period of six months from the election of its council if—

Initiation of planning

(a) there is an existing integrated development plan adopted by a previous council, adopt that integrated development plan or review the integrated development plan; and

(b) there is no existing integrated development plan or the council considers that it is necessary to review the existing plan, initiate the planning process.

(2) Where a local authority does not have a planning department or fails to meet the development or planning capacity requirements prescribed under this Act, it shall submit the resolution directing the commencement of a planning process to the provincial planning authority which shall be responsible for the planning process, in consultation with the local authority.

(3) A copy of the resolution referred to in subsection (1) shall be deposited with the Minister, for information purposes, whether or not the resolution directing the commencement of a planning process is submitted to a planning committee or a provincial planning authority.

(4) A resolution of a local authority shall be published for public information, at least once a week, in a daily newspaper of general circulation in the area of the local authority for two consecutive weeks, except that where newspapers are not widely circulated, the local authority shall take additional steps to ensure that the resolution is communicated to the residents of its area.

Preparation
of
planning
programme

36. (1) A planning department shall prepare a planning programme and submit the planning programme to the planning committee for approval.

(2) A planning programme shall—

(a) identify the goals, objectives, development needs, priorities, issues and concerns to be covered in the planning process as well as the cost of the planning process;

(b) provide for the process of the preparation of the development plan;

(c) propose the methods for the identification of the stakeholders to be consulted in the planning process, including the State institutions, local authorities, vulnerable groups and traditional leaders with whom joint planning is likely to be undertaken; and

(d) propose the means of public consultation and participation.

(3) The following shall be taken into account in making proposals for public consultation and participation:

(a) language preferences and usage in the area;

(b) the needs of illiterate and vulnerable persons;

(c) the needs of the Chiefs in the area; and

(d) the needs of stakeholders with an interest in customary land.

(4) A planning committee shall submit the proposed planning programme to the local authority for adoption, except where the planning programme is developed by the provincial planning authority.

(5) A local authority shall, within fourteen days of the receipt of a planning programme under subsection (4), adopt the planning programme or refer it to the planning committee for amendment.

37. (1) A planning authority shall—

(a) publish the proposed planning programme for public scrutiny in a daily newspaper circulating in the area at least once a week for two consecutive weeks; and

(b) display notices, in the prescribed form, relating to the proposed planning programme at the offices of the local authority, on its website and other public places in its area for a period of thirty days.

(2) A person may make submissions on the proposed planning programme, in writing, to the planning committee within thirty days following the first publication of the notice.

(3) A planning committee shall take into account the submissions of the public made pursuant to subsection (2).

38. (1) A local planning authority shall submit a copy of the adopted programme to the provincial planning authority within thirty days of the date of approval of the planning programme.

(2) A provincial planning authority shall, upon receipt of the proposed programme, consider and determine the adequacy of the programme for public participation, compliance with the planning guidelines, the availability of the funds required to implement the programme and the need for cooperation with other local authorities.

(3) A provincial planning authority shall, where it determines that the planning programme submitted under subsection (1) is inadequate in relation to the matters referred to in subsection (2), within thirty days of receiving the proposed planning programme, direct the local planning authority to adjust the planning programme.

(4) A local planning authority shall, within fourteen days of the receipt of a direction to adjust the planning programme under subsection (3)—

Public
consultation
of
proposed
planning
programme

Consideration
of
planning
programme
by provincial
planning
authority

(a) adjust its programme in accordance with the direction; or

(b) object to the direction and give the provincial planning authority the reasons for the objection.

(5) A provincial planning authority may, on receipt of the objection under paragraph (b) of subsection (4), refer the local planning authority's objection to the Director, and the local planning authority shall adopt the planning programme as recommended by the Director.

(6) A local planning authority shall inform the community, residents, rate payers, stakeholders and the general public about the adopted planning programme in the prescribed manner.

Preparation
of
integrated
development
plan

39. (1) A local planning authority or the provincial planning authority, as the case may be, shall manage the drafting of an integrated development plan in accordance with the adopted planning programme provided for under section *thirty-six*.

(2) An integrated development plan shall take account of the integrated development plans and planning strategies of neighbouring local authorities.

(3) The preparation of an integrated development plan shall ensure coordination with appropriate regulatory authorities responsible for sectoral plans.

(4) A local planning authority shall plan for integrated development of its area in consultation with the Chiefs and the local communities in that area in respect of customary land and in line with planning agreements, where applicable.

(5) A local planning authority shall, during the preparation period, receive objections, comments and contributions from the public, communities and other stakeholders in accordance with a planning programme.

Public
consultation
and
participation

40. (1) A planning authority shall, within fourteen days of the preparation or proposed amendments of a regional development plan, an integrated development plan, local area plan or sectoral plan, display a notice in public places in its area, at its offices and on its website, in the prescribed manner and form, informing the public of the availability of the draft regional development plan, integrated development plan, local area plan or sectoral plan.

(2) A planning authority shall make the draft regional development plan, integrated development plan, local area plan or sectoral plan available for public scrutiny and comments at its office and at other public offices in its area, for a period of sixty days.

(3) A planning authority shall establish mechanisms to collect and respond to public comments, concerns and questions relating to the draft regional development plan, integrated development plan, local area plan or sectoral plan, including public debates and hearings.

(4) A public hearing for a draft regional development plan, integrated development plan, local area plan or sectoral plan shall be conducted in the prescribed manner.

41. (1) A person may make objections or submissions to a draft integrated development plan or local area plan or proposed amendment to the adopted integrated development plan or local area plan in such manner as may be prescribed and the planning authority shall deal with the objections and submissions as may be prescribed.

Objections
and
submissions

(2) The local planning authority may make alterations to the draft integrated development plan or local area plan referred to under subsection (1) after taking into account any objections made to the planning authorities under that subsection.

(3) Where, following the consideration of written submissions made under subsection (1), the local planning authority considers that the draft integrated development plan or local area plan should be amended, the local planning authority shall, within thirty days after the expiration of the last day of public inspection period under subsection (4), publish notice of the proposed amendment in at least one daily newspaper circulating in its area, at its offices, on its website and other public places in its area.

(4) A notice under subsection (3) shall state that—

(a) a copy of the proposed amendment of the integrated development plan or local area plan may be inspected at such place and times during a specified period of thirty days and the copy shall be available for inspection accordingly; and

(b) written submissions or observations with respect to the proposed amendment only of the integrated development plan and local area plan made to the local planning authority within the specified period shall be taken into consideration before the making of any amendment.

(5) The members of a planning committee shall consider the amendment and the submissions made under subsection (3).

Adoption of
integrated
development
plan

42. (1) A local authority shall adopt an integrated development plan and, within thirty days of adoption, submit the integrated development plan and the report to the Minister for consideration.

(2) The report, referred to in subsection (1), shall include—

(a) details of all the objections and the responses to the integrated development plan;

(b) a report of any public hearing;

(c) the draft integrated development plan and the reasons for any alterations made to the plan;

(d) a statement—

(i) to the effect that the provisions relating to public consultation and participation have been complied with; and

(ii) specifying the legislation relating to other land uses that has been considered; and

(e) any comments on the adherence to planning guidelines and the relevance to the National Planning Framework, where applicable.

(3) The Minister shall, within sixty days of the receipt of an integrated development plan, approve or object to the integrated development plan.

(4) The Minister shall, where the Minister objects to an integrated development plan—

(a) inform the local planning authority accordingly and give reasons for the objection; and

(b) direct the local planning authority to amend the integrated development plan as the Minister may determine.

(5) A local planning authority shall, where the Minister directs it to amend the integrated development plan, amend it within a period of forty-five days.

Implementa-
tion of
integrated
development
plan

43. (1) A local authority shall implement an integrated development plan approved by the Minister and ensure that the development of the area is consistent with the plan.

(2) A planning authority shall avail the approved integrated development plan for public inspection and copies of it may be obtained by any member of the public for free or at a prescribed fee.

(3) An integrated development plan shall serve as a basis on which the local authority's capital and operational budgets shall be drawn up and approved.

44. (1) The Minister may call in an integrated development plan if—

Calling in of integrated development plan

- (a) the plan conflicts with the planning guidelines or other national policies;
- (b) the formulation process contravenes the procedural requirements prescribed under this Act; or
- (c) does not take into account public views and concerns in respect of an area.

(2) The Minister shall, where the Minister calls in a plan, direct the Director to ensure the completion of the integrated development plan and refer the plan to the planning authority for adoption.

(3) The Minister shall, where the Minister calls in an integrated development plan due to concerns with specified aspects of the plan, provide guidance on the specified aspects of the plan, and the relevant planning authority shall be responsible for the rest of the planning process.

(4) The Minister shall, where the Minister assumes the responsibility of making an integrated development plan or particular aspects of the plan, comply with procedural requirements of this Act.

45. (1) A planning authority shall review its integrated development plan every five years in accordance with an assessment of its performance indicators set out in the integrated development plan.

Review of integrated development plan

(2) A planning authority may amend or update an integrated development plan following the five yearly review, or more frequently, but not more than annually, where it considers it necessary to amend or update the plan for purposes of—

- (a) meeting pressing public infrastructural demands;
- (b) correcting an anomaly in the plan or any other aspects relating to inadequacies that require changes in the plan;

Cap. 173

- (c) protecting areas of ecological significance or cultural heritage as provided under the National Heritage Conservation Commission Act; or
 - (d) responding to a humanitarian crisis, mitigating the effect of a natural disaster or providing for the upgrading of informal settlements.
- (3) A local planning authority shall inform the provincial planning authority of the purpose, extent and general effect of the proposed amendment under subsections (1) and (2), and the provincial planning authority shall, within twenty-one days of being informed by the local planning authority, respond to the local planning authority.
- (4) A local planning authority shall, if the provincial planning authority fails to respond within the period, referred to under subsection (3), adopt the proposed amendment to the integrated development plan.
- (5) The provincial planning authority may—
- (a) object and make written proposals for the adjustment of the proposed amendment to the integrated development plan; or
 - (b) inform the local authority whether further public consultation is required.
- (6) A local planning authority shall, where the provincial planning authority makes proposals for amendments to the integrated development plan, consider the proposals of the provincial planning authority and shall, within ninety days of receipt of the proposals—
- (a) if it agrees with the proposals, adjust the proposed amendment in accordance with the proposals made by the provincial planning authority; or
 - (b) if it disagrees with the proposals of the provincial planning authority, object to the proposal and furnish the provincial planning authority with reasons, in writing, why it disagrees.
- (7) A provincial planning authority shall, on receipt of an objection under paragraph (b) of subsection (6), refer the local planning authority's objection to the Minister for direction.
- (8) A local planning authority shall adopt the integrated development plan as directed by the Minister pursuant to subsection (7).

46. (1) A local authority may enter into partnerships for the benefit of the general public for purposes of plan preparation, implementation, operation and maintenance related to areas covered by an integrated development plan or local area plan.

Partnerships
with
private
developers

(2) A private developer may prepare and submit for approval to the planning committee, a local area plan for the proposed development of an area designated for development, which complies with the integrated development plan for the area in accordance with the requirements of this Act.

(3) A private developer shall comply with the procedural requirements for the preparation of a local area plan set out in this Act.

47. (1) Two or more neighbouring local authorities may, by written agreement, and after consultation with the provincial planning authority or authorities, prepare integrated development plans jointly or may establish a part, or parts, of their respective areas as a multijurisdictional council service area to facilitate the provision of public services in that part or those parts of the area.

Joint
planning
initiative

(2) Any joint planning initiatives and multi-jurisdictional council service area agreements shall be undertaken and concluded in the prescribed manner.

48. (1) Where the owner of any land which is reserved under an integrated development plan or a local area plan is deprived of its reasonable, lawful and beneficial use by a refusal of permission to develop such land solely on the ground that the proposed development would interfere with the use of the land for the purpose for which it is reserved, the owner of the land may request the local authority to cause the reserved land to be acquired in accordance with the Land Acquisition Act.

Acquisition
of land

Cap. 189

(2) Subject to this Act, an owner of land may serve notice on the Minister or the planning authority requesting that an order be made to cause the land, in whole or in part, to be acquired if by reason of any provision in an approved development plan—

(a) a proportion of the land cannot be lawfully developed and the remainder is incapable of reasonable, lawful and beneficial use; or

(b) the land has been severed in such a manner that one or more severed portions are so small or so badly shaped that they are incapable of reasonable and beneficial use.

PART VI

PLANNING APPLICATIONS AND PERMISSION

Planning
permission

49. (1) A person shall not carry out any development on land, change the use of land or subdivide any land without planning permission.

(2) A person who contravenes subsection (1) commits an offence and is liable, upon conviction, to a fine not exceeding three hundred penalty units.

(3) A planning authority may, where a person carries out any development on any land, changes the use of land or subdivides any land contrary to this Act, demolish the structure on the land without the payment of compensation.

(4) A planning authority may, where a person changes the use of land contrary to its designated use as provided in an integrated development plan or local area plan approved under this Act, charge such fees in respect of the changed use as it may determine and direct that the land be restored to its original use.

(5) Where planning permission is granted for a limited period, no further planning permission shall be required at the end of that period for the resumption of the purpose for which the land was lawfully used before the planning permission was granted.

(6) Where an application for planning permission is for a specific part of the site in respect of which the application is made, it shall apply only to that part.

(7) The Minister may, by statutory instrument, prescribe—

- (a) the type of developments or use of land for which no planning permission is required for purposes of this Act;
- (b) specific requirements for planning permission and development control in informal settlements where a local area plan exists; and

(c) major developments to which this Act applies.

Powers of
Minister on
planning
permission

50. (1) The Minister may direct a planning authority to refer an application made to that planning authority for planning permission, or applications of any class specified in the direction, to the Minister instead of being dealt with by the planning authority, and the planning authority shall comply with the directive.

(2) Where an application for planning permission is referred to the Minister under subsection (1), the Minister shall determine the application in accordance with the provisions of this Act.

(3) Where the Minister, after consultation with a planning authority, considers that the planning authority has granted planning permission to any person contrary to the provisions of an approved development plan, the Minister may, not later than two years from the date of the granting of the planning permission, direct the planning authority to cancel the planning permission, and the planning authority shall comply with the direction.

(4) Where any planning permission is cancelled under subsection (3), the person to whom the planning permission was granted shall be entitled to claim compensation from the planning authority in respect of any expenditure incurred by that person in carrying out the work terminated by the cancellation of the planning permission and in respect of any other loss or damage which is directly attributable to the cancellation of the planning permission, and the planning authority shall pay compensation to that person in respect of the expenditure, loss or damage.

51. (1) The power to grant planning permission under this Part includes the power to grant permission for the retention on land of any buildings or works constructed or carried out on the land before the date of the application for planning permission, or for the continuance of any use of land instituted before that date whether without the planning permission granted under this Part or in accordance with the planning permission granted for a limited period only.

Effect of
grant of
planning
permission

(2) The planning permission referred to in subsection (1) may be granted in order to take effect from the date on which the buildings or works were constructed or carried out, or the use was instituted, or from the expiration of the specified period.

(3) Where planning permission is granted under this Part for the erection of a building, the grant of planning permission shall specify the purposes for which the building may be used.

(4) Where planning permission to develop land is granted under this Part for a limited period only, nothing in this Part shall be construed as requiring planning permission to be obtained for the resumption, at the expiration of that period, of the use of the land for the purpose for which it was normally used before the planning permission was granted.

(5) In determining for the purposes of subsection (4) the purposes for which land was normally used before the grant of planning permission, no account shall be taken of any use of the land begun in contravention of the provisions of this Part.

Development
permit
and
application

52. (1) Planning permission for development shall be granted by way of development permits, subject to such terms, conditions and limitations as may be specified, for such period as may be specified and for any part of the site.

(2) An application for a development permit shall be made to the planning authority in the prescribed manner and form upon payment of the prescribed fee.

(3) A planning authority shall, in considering an application for a development permit take into account—

(a) the social and welfare consequences which the development to be undertaken in terms of the development permits shall have for the residents of the district or local authority concerned;

(b) whether the development to be undertaken in terms of the development permit is likely to create a public nuisance or annoyance in the area;

(c) the suitability of the premises upon which the development is to be undertaken relating to the safety health and planning requirements in respect of accommodation and sanitary facilities; and

(d) in consultation with the Environmental Agency, whether the proposed development is likely to have adverse environmental effects.

Consideration
of
application
for
development
permit

53. (1) A planning authority shall, in considering applications for development permits comply with the planning guidelines specified under this Act, the integrated development plan and the local area plan.

(2) A planning authority shall not consider an application for the grant of a development permit for major developments or change of land use unless the applicant has given at least fourteen days notice of the applicant's intention to make the application in accordance with subsection (3).

(3) The notice referred to in subsection (2) shall be made in the prescribed form and shall be published by a local authority concerned at its offices, in the public places in its area and on its website for a period of fourteen days from the date of publication of the notice.

(4) A planning authority may, when granting a development permit, impose conditions which—

- (a) require the applicant to effect alterations or improvements to the premises relating to the standard of accommodation, facilities or amenities, the sanitary or safety arrangements or any other aspect of public convenience or health or police supervision of the premises concerned; or
- (b) are necessary or desirable to protect public health and safety.

(5) A planning authority shall, where the grant of a development permit for the change of land use requires a change to the land use designation provided for in an integrated development plan or local area plan, review or amend the integrated development plan or local area plan in accordance with the provisions of this Act.

54. A person who intends to oppose an application for the grant of a development permit relating to change of land use or a major development shall give notice, in writing, of that intention to the planning authority concerned, specifying in general terms the grounds of the objection, and including an address at which service of notice and other documents may be made, not later than thirty days from the date of the publication of the notice, and unless the notice of intention is given, the planning authority shall not consider that objection.

Notice of intention to object

55. A planning authority shall, within ninety days of receipt of an application for a development permit for a major development or change of land use or within twenty-eight days of receipt of an application for a development permit for any other development —

Grant or refusal of development permit

- (a) grant the applicant a development permit, if the application meets the requirements of this Act and specify the conditions attached to the grant;
- (b) grant conditional approval to allow the applicant to make minor adjustment;
- (c) defer the application to allow the applicant to submit additional information or revised plans which the planning authority considers necessary to enable it to make a decision; or
- (d) reject the application for the development permit and inform the applicant of the reasons for the rejection

Variation of
planning
permission

56. (1) A person may apply to a planning authority concerned for variation of the terms and conditions of the planning permission.

(2) A planning authority may, where an application is made under subsection (1), vary the planning permission or reject the application.

Amendment
or
revocation
of
planning
permission

57. (1) Subject to the other provisions of this section, a planning authority may amend or revoke planning permission if—

(a) the planning authority has reasonable grounds to believe that the development permit was obtained through fraud, misrepresentation, non-disclosure of a material fact or submission of incorrect information;

(b) the planning permission no longer conforms to the development plan; or

(c) the amendment or revocation of the planning permission is necessary in the interest of public safety, security, peace, welfare or good order.

(2) A planning authority shall, before amending or revoking a planning permission in accordance with subsection (1), give written notice to the holder of the development permit of its intention to amend or revoke the planning permission and shall—

(a) give the reasons for the intended amendment or revocation; and

(b) require the holder of the development permit to show cause, within a period of thirty days, why the planning permission should not be amended or revoked.

(3) A planning authority shall not amend or revoke planning permission under this section if the holder of the development permit takes remedial measures to the satisfaction of the planning authority within the period referred to in subsection (2).

(4) A planning authority shall, in making its final determination on the amendment or revocation of a planning permission, consider the submissions made by the holder of the development permit under subsection (2).

(5) A planning authority shall amend or revoke a planning permission if the holder of the development permit, after being notified under subsection (2), fails to show cause or does not take any remedial measures to the satisfaction of the planning authority, within the time specified in that subsection.

(6) Where a planning permission is revoked, the holder of the development permit shall cease to be entitled to the rights and benefits conferred under this Act, with effect from the date of the revocation and shall return the permit to the planning authority concerned.

(7) A planning authority shall, where it amends or revokes a planning permission under this section, publish the amendment or revocation in a daily newspaper of general circulation in Zambia.

58. Public objections to any planning application required under the provisions of this Act shall be made and dealt with in the prescribed manner.

Public objection and consultation on planning applications

59. A person aggrieved with the decision of a planning authority may appeal, in writing, to the appropriate Planning Appeals Tribunal within thirty days of the receipt of the decision of the planning authority.

Appeal against planning decision

60. A planning department shall report on all applications for planning permission granted, the variation of plans and deferred or rejected applications, once in every quarter of the year to the planning committee.

Report to planning committee

61. (1) A planning department shall maintain a register of planning applications made and planning permissions issued under this Act.

Register of planning applications and permissions

(2) The register shall be available for public inspection on such terms and conditions as the local authority may determine.

PART VII

PLANNING APPEALS TRIBUNALS

62. (1) The Minister shall, by statutory instrument, constitute a planning appeals tribunal for each Province of the Republic which shall determine disputes and hear and determine appeals from the decisions of planning authorities in the Province.

Planning appeals tribunals

(2) A planning appeals tribunal shall consist of the following members appointed by the Minister—

- (a) a legal practitioner of seven years or more legal experience, recommended by the Law Association of Zambia, who shall be the Chairperson;

Act No. 4 of
2011

- (b) a planner of five years or more planning experience, registered under the Urban and Regional Planners Act, 2011, who shall be the Vice-Chairperson; and
 - (c) three persons, one of whom shall be a registered land surveyor by the Surveyors Institute of Zambia.
- (3) The Minister shall, in the appointment of the members of a planning appeals tribunal, ensure equitable gender representation.
- (4) The Minister may, by statutory instrument, provide for—
 - (a) the tenure of office of members of the planning appeals tribunals;
 - (b) the payment of expenses of the planning appeals tribunals;
 - (c) the payment of allowances to the members, advisers, assessors and the secretariat to the planning appeals tribunals; and
 - (d) any other matter relating to the planning appeals tribunals and the performance of functions for purposes of this Act.
- (5) The Secretary to a planning appeals tribunal shall be a public officer seconded from the Ministry responsible for urban and regional planning.
- (6) A planning appeals tribunal shall have jurisdiction over the Province for which it is established.
- (7) A planning appeals tribunal shall convene at least four sessions per year.
- (8) The Chief Justice may, by statutory instrument, make rules relating to—
 - (a) the manner and form for lodging of appeals to planning appeals tribunals;
 - (b) the mode of summoning persons before a planning appeals tribunal;
 - (c) the form and manner of service of summons requiring the attendance of witnesses and the production of any book, record, document or other information;
 - (d) the procedure to be followed and the rules of evidence to be observed in proceedings;
 - (e) the records of a planning appeals tribunal;

- (f) the notification of decisions of a planning appeals tribunal;
- (g) the functions of advisers and assessors to a planning appeals tribunal; and
- (h) such other matters necessary for the performance of the functions of a planning appeals tribunal.

63. An action shall not be brought against any member of, or assessor or advisor to, a planning appeals tribunal in respect of any act done or order made in good faith in the execution of the powers and duties conferred upon the member, advisor or assessor by or under this Act.

Immunity of members of planning appeals tribunals

PART VIII

PLANNING CONTROLS AND COMPENSATION

64. (1) A local planning authority shall designate planning inspectors and provide the necessary administrative support and funding to the planning inspectors to enable the planning inspectors perform their functions under this Act.

Planning inspectors

(2) A local planning authority may, in addition to the planning inspectors appointed under subsection (1), appoint suitably qualified and experienced persons to serve as part-time planning inspectors.

65. (1) Where a local planning authority determines that development has been carried out without a grant of permission under this Act or that the conditions to which a grant of planning permission for a development permit was made have not been complied with, the local planning authority shall instruct a planning inspector to carry out an inspection of the relevant land or buildings.

Enforcement notices and directions by planning inspector

(2) If it appears to a planning inspector that any use of land should be discontinued, that any condition should be imposed on the continuation of the use of land or that any building or works should be altered or removed, the planning inspector may issue an enforcement notice, in the prescribed manner and form, to the owner or occupier of the land—

- (a) for the discontinuation of the use of the land or the carrying out of the works on the land;
- (b) imposing such conditions as may be specified in the enforcement notice on the continuation of the land use or for securing compliance with the condition;

(c) requiring such steps as may be specified to be taken for the alteration, removal or demolition of all or part of the building or works; or

(d) requiring the restoration of the land to its condition before the development took place.

(3) An enforcement notice shall take effect from the date of service of the enforcement notice on the owner or occupier of the land to which it relates.

(4) An owner or occupier of land on whom an enforcement notice is served who is aggrieved by the enforcement notice may, within a period of twenty-eight days from the date of service of the enforcement notice, appeal to the relevant planning appeals tribunal.

(5) Where, within the period specified in subsection (4), an appeal is made to a planning appeals tribunal by a person on whom the enforcement notice was served, the operation of the enforcement notice shall be suspended pending the final determination or withdrawal of the appeal.

(6) A planning appeals tribunal shall determine an appeal within sixty days from the date of receipt of the appeal.

(7) Where a planning appeals tribunal fails to make a decision within the period specified under subsection (6), an appeal shall be made to the Minister for determination.

Register of enforcement notices

66. A planning authority shall maintain a register for enforcement notices in the prescribed manner, which shall be available for public inspection at the office of the local authority during ordinary office hours.

Enforcement and penalties

67. (1) A local planning authority may, if an enforcement notice is not complied with and there is no appeal lodged with a planning appeals tribunal—

(a) enter on the land and give effect to the enforcement notice; and

(b) recover, as a civil debt in any court of competent jurisdiction from the owner or occupier of the land, any expenses reasonably incurred by the local planning authority in effecting the enforcement notice.

(2) A person who fails to comply with an enforcement notice commits an offence and is liable, upon conviction, to a fine not exceeding one hundred thousand penalty units and, in the case of a continuing offence, to a further fine not exceeding three hundred penalty units for each day of default of the notice.

(3) An enforcement notice shall be discharged upon compliance with the terms, conditions and requirements specified in the enforcement notice.

68. (1) A person who suffers damage or loss as a consequence of an enforcement notice issued pursuant to revoked, amended or varied planning decision shall be entitled to compensation.

Compensation

(2) When an integrated development plan or a local area plan takes away an existing right to use the land as confirmed in a legal instrument, the owner shall be entitled to compensation.

69. (1) Compensation shall not be payable—

Non-compensation for planning decisions

(a) in respect of any work carried out before the grant of planning permission or in respect of any other loss or damage arising out of anything done or omitted to be done before the grant of planning permission;

(b) in respect of the refusal of planning permission to develop land if the reason or one of the reasons stated for the refusal is that—

(i) the land is physically unsuitable for the proposed development;

(ii) the development would have adverse effects on the environment, public health or human life; or

(iii) the development will not comply with the integrated development plan or local area plan;

(c) in respect of the refusal of planning permission to develop land, if the reason or one of the reasons for the refusal is that the kind of development proposed would be premature due to the following matters—

(i) the order of priority indicated in the integrated development plan or local area plan for the area in which the land is situated; and

(ii) an existing deficiency in the provision of roads, water supplies, sewerage or other public services, and the period within which any deficiency may reasonably be expected to be made good;

- (d) in respect of the imposition on the granting of planning permission to develop land of any condition relating to—
 - (i) the number or disposition of buildings on any land;
 - (ii) the dimensions, cost, design, structure or external appearance of any building or materials to be used in its construction;
 - (iii) the manner in which any land is to be laid out for the purposes of the development, including the provision of facilities for parking, loading or fuelling of vehicles on the land;
 - (iv) the use of any buildings or land;
 - (v) the location or design of any means of access to a highway or the materials to be used in the construction of the highway; and
 - (vi) the provision of any roads, surface water drainage, water supply or sewerage treatment or discharge, including sewage disposal plants;
- (e) in respect of any planning decision on an application for consent for the display of advertisements;
- (f) the subdivision of land;
- (g) in respect of the refusal to subdivide agricultural land for agricultural purposes where the refusal is on the ground that the subdivision would be uneconomic or would render the holding uneconomic for agricultural purposes;
- (h) in respect of the granting of planning permission subject to conditions to subdivide agricultural land for agricultural purposes; or
- (i) if the applicant submitted incorrect or fraudulent information in an application for planning permission.

(2) For the purposes of this section, a planning decision where planning permission to develop land is granted subject to a condition prohibiting the development of a specified portion of that land shall be treated as a decision refusing the planning permission in respect of that portion of the land only.

- 70.** (1) Compensation shall be payable if the claim for compensation is made, in writing, in accordance with this section. Exclusion and limitation of compensation
- (2) A claim for compensation shall have effect if it is made within a period of sixty days from the date of the service of the notice of the planning decision to which it relates.
- (3) The Minister or planning authority may require a claimant to provide the Minister or planning authority with—
- (a) evidence in support of the claim;
 - (b) information regarding the interest of the claimant in the land to which the claim relates; and
 - (c) interests of other persons in the land that are known to the claimant.
- (4) Compensation payable under this section shall, in default of determination by agreement, be determined by a planning appeals tribunal in accordance with such procedures as shall be prescribed.
- (5) The Minister may, by statutory instrument—
- (a) prescribe the form in which claims for compensation shall be made; and
 - (b) extend the period for making claims under this Part.

PART IX

GENERAL PROVISIONS

- 71.** (1) A person commits an offence under this Act if that person— Offences and penalties
- (a) without lawful authority, uses or occupies any piece or parcel of land or building in an area to which this Act applies;
